

Reference Number:

078-FOI-2014

Category:

Faculty of Science & Engineering

Request:

1. Since 2010, how much money has your university's Faculty of Science and its departments, or any of its academic staff, received from the following organisations or its representatives:

- The Salt Institute
- The Salt Association
- EU Salt
- British Salt Ltd
- Tata Chemicals Ltd

In each case, please provide a description of who the money was paid to and a description of why the money was paid.

2. Please provide details of any meetings between your Faculty of Science, its departments and the organisations listed in 1.a) to e) since January 2010 on the subject of the reduction of salt intake in diet. In each case please disclose the date, nature and content of each meeting, as well as any relevant documents.
3. Please provide details of any correspondence between your Faculty of Science, its departments and the organisations listed in 1.a) to e) since January 2010 on the subject of the reduction of salt intake in diet. In each case please disclose the date, nature and content of each meeting, as well as any relevant documents.
4. Has anyone working at the university's Faculty of Science provided consultancy services to the organisations listed in 1.a) to e) since January 2010? If so please disclose the sort of services they provide, and to which organisation. Please disclose the name of the individual and how much they are paid for their services.
5. Have any academics working at the faculty of science been paid by any third parties, including those listed in 1.a) to e) to conduct any research in relation to the effects of salt on the body?

If so, please provide the name of the organisation who paid the staff, a brief description of the report produced and its findings

Response:**Q1-Q5.**

Not Applicable.
