

## What was accomplished?

### The Knowledge Transfer Process

Sourcing a local box supply which could be reused for their distribution and packaging section of the business. EnTRESS have sourced this through a variety of channels and existing contacts to secure a local supply of boxes for the company.

Matterport Scanning technology was used to provide evidence and track the progress of the build for HugglePets whilst also acting as a potential tool for the business in the future. This work was undertaken through periodic visits with three key scans taking place at different phases of the build process (pre-construction, mid construction and post-completion)

## Solutions Identified

## Asan Wood Saints

Based in Wolverhampton, Asan Wood Saints is a new community wood recycling business collecting unwanted wood from building sites, manufacturers and householders. They prepare it for sale, via upcycling or manufacture of usable products such as kindling & pulp, creating jobs and volunteering opportunities for local people. Asan Wood Saints offer a competitive collection service across the Black Country, South Staffordshire, Telford & Shropshire, saving money on skip hire and boosting social responsibility in the process. Collections

## EnTRESS Environmental Showcase; Right Waste Right Place

This EnTRESS technology showcase was held at the University of Wolverhampton Science Park on 1st March 2018. With support from the Environment Agency, the event explored best practice and innovation within the waste management industry, as well as the impact of waste crime and duty of care. Bringing together the private, public and academic sectors this event provided guidance to both businesses and waste management professionals, helping the Black Country to become a low carbon economy. Keynote speakers include the Environment Agency, Rolls Royce PLC & the City of Wolverhampton Council.

### What is EnTRESS?

EnTRESS is an environmental innovation project drawing on University of Wolverhampton expertise, part funded by the European Regional Development Fund (ERDF).

### What we do?

Support for SMEs who want to modify their practices for increased sustainability.

### Eligibility criteria

Open to Small to Medium Size Enterprises (SMEs).

### Definition of an SME

'The category of micro, small and medium-sized enterprises (SMEs) is made up of enterprises which employ fewer than 250 persons and which have an annual turnover not exceeding EUR 50 million, and/or an annual balance sheet total not exceeding EUR 43 million' - Extract of Article 2 of the annex to Recommendation 2003/361/EC
