Scouts are do-ers and give-it-a-go-ers. Yes, we go camping, hiking, swimming, abseiling, cycling and canoeing.

But, we also get to hang out with our friends every week – having fun, playing games, working in a team and taking on new challenges.

Every week we give almost half a million 4-25 year olds the skills they need for school, college, university, the job interview, the important speech, the tricky challenge and the big dreams: the skills they need for life.

Everyone's welcome here. All genders, races and backgrounds. Regardless of your young person's physical ability – there's a Scout adventure out there waiting for them. And we'll help them find it.

Sign up to help more young people discover their 'thing': from archery to coding to performance art and everything in between.

Trust**

As Europe's largest conservation charity, we look after nature, beauty and history for everyone to enjoy. We do it with the help of millions of members, volunteers, staff and donors. Without this, we couldn't care for the miles of coastline, woodlands, countryside and the hundreds of historic buildings, gardens and precious collections we protect. We protect and care for places so people and nature can thrive. Many millions share the belief that nature, beauty and history are for everyone. So we look after the nation's coastline, historic sites, countryside and green spaces, ensuring everyone benefits. From wild and precious places to the world outside your window the National Trust offers access, enjoyment and a chance for everyone to help out. Nature and the historic environment are under threat. They're essential to everyone, they enrich people's lives and are part of the fabric of society and they urgently need more care.
