

PROF DOC PALAVERS: THE METAMORPHOSIS OF MY METHODOLOGY...

BY
KIRSTY MASON

POWER, KNOWLEDGE AND PERFORMANCE IN NURSING ASSOCIATE TRAINING

THINGS TO CONSIDER...

STRATEGY OF INQUIRY, DATA
COLLECTION METHODS, AND
ANALYSIS...

SO WHAT ARE YOUR IDEAS?

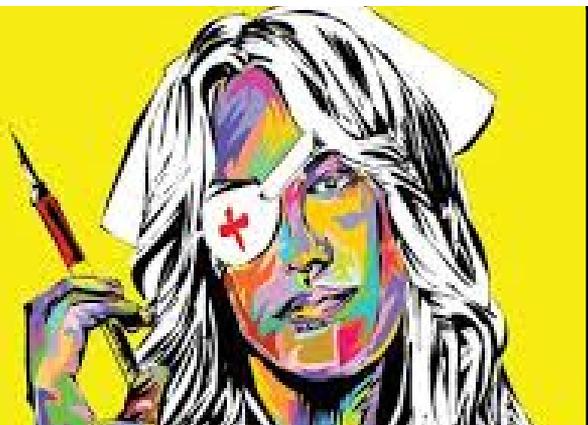

IT'S ALL ABOUT STRUCTURALIST
ANALYSIS AND MY CONCEPT OF
NARRATOLOGY...

MOVE WITH THE TIMES, THAT'S SO
1960S, HAVEN'T YOU HEARD OF
1976?

WE'RE PAST THAT NOW POST
STRUCTURALISM ROCKS AT THE
MOMENT. IT'S ALL ABOUT
GENEALOGY...

WELL MY FRIEND THE
POSSIBILITIES ARE ENDLESS...

THAT'S ALL WELL AND GOOD BUT HOW
CAN THIS BE APPLIED TO NURSING
RESEARCH?

THERE'S TOO MUCH CHOICE, MY
HEAD HURTS, HOW DO I CHOOSE?

NARRATIVE ANALYSIS, PHOTO
ELICITATION, PHOTOGRAPHY,
GENEALOGY, DOCUMENTS, FOCUS
GROUPS, ONLINE, OR IN PERSON...

WHAT DOES IT ALL MEAN? WHAT
MOTIVATES ME? AM I MAKING THE
RIGHT CHOICES?
