USING THIS BOOKLET

Guidance

This booklet is designed to provide clear and transparent guidance regarding 2024/5 tuition fees. Every reasonable effort is made to ensure that the information provided in this booklet is accurate but no guarantees for the currency or accuracy of information can be made.

Links to external websites and references to external guidance and policy documents are provided for information. However, the University takes no responsibility for the currency or accuracy of these links, references, and associated content.

Please note that students should confirm fees via [Ask WLV](#)

Fee Status

There are five main categories of fee status: **HOME, EU, ELQ, ISLAND**, or **OVERSEAS**. All applicants are assessed on an individual basis to determine the applicable fee status. See **PART 3** for further details.

The fee status can, in part, define the availability and level of financial support available during the period of study.

The tables in this booklet refer to two fee categories: **Home** and **Overseas**. Students with a fee status of **HOME, EU, ELQ** or **ISLAND** are liable to pay the **Home** fee and students with a fee status of **OVERSEAS** will pay the **Overseas** fee.

From 2022/3 [new eligibility rules for home fee status and student finance](#) apply.

Location of Study

The fees outlined in **PART 1** of this booklet apply to students undertaking a course at a **university** campus.

The fees outlined in **PART 2** of this booklet apply to students undertaking a university course with a **Partner College**.

Fee Types

For tuition fees there are two types of fees.

STANDARD fees apply to the majority of OfS (Office for Students) fundable courses. They also apply to a range of courses funded by other sources.

Standard fees are outlined in **PARTS 1** and **2** of this booklet.

NON-STANDARD fees are applied to specific courses. For more guidance on Non-Standard fees please see **PART 3** of this booklet.

General Guidance Notes

Guidance notes and links to further information are provided in **PART 4**.

GENERAL NOTES FOR GUIDANCE

A. Equivalent or Lower Qualifications (ELQ) Policy

The Government no longer provides funding to universities for Home students who are studying for a higher education qualification that is equivalent to or at a lower level than one they have already achieved.

Students assessed as ELQ will be liable to pay the applicable Home fee. However, ELQ students should be aware that they will be ineligible for certain forms of financial support during the period of study.

There are several exemptions to this policy for which public funding will continue to be provided, including Foundation Degrees and for students who are in receipt of Disabled Students Allowance. **It is important to note that students are assessed annually on an individual basis.** As such ELQ tuition fees only apply to students who have been assessed by the University as ELQ.

Details about the policy can be found in Section 2b, paragraph 59, of 'Guide to funding 2020-21' which can be accessed from the [OfS](#) website.

Students liable to pay Overseas fees are unaffected by this policy.

B. Categories of Fee Status

Students with a fee status of **HOME**, **EU**, **ELQ** or **ISLAND** are liable to pay the **Home** fee and students with a fee status of **OVERSEAS** will pay the **Overseas** fee. Which fee category a student is placed within is determined, in part, by reference to UK legislation including 'The Education (Student Fees, Awards and Support) (Amendment) Regulations 2017' (SI 2017/114). The regulations can be complicated but independent advice is provided by [UKCISA](#) (UK Council for International Student Affairs) under Information & Advice.

All Home students are assessed against the ELQ Policy (see **Guidance Note A** above) and assigned the **ELQ** fee status if applicable.

Students' resident in the Channel Islands and the Isle of Man are assigned the **ISLAND** fee status. Island fees are the same as Home fees but for guidance on financial support with fees and living costs students should contact their island authority:

- [Guernsey: student support](#)
- [Jersey: student support](#)
- [Isle of Man: student support](#)

The **Overseas** fee applies to students who do not fall within the **HOME**, **EU**, **ELQ** or **ISLAND** fee categories

Tuition fee guidance from the GOV.UK website

GOV.UK is the official government website for information about public services. The 'Education and Learning' section provides much useful guidance regarding fees. The [homepage](#) lists all the available sections including 'Education and Learning.'

C. Money Matters

Students are encouraged to access information on the University's [Money Matters](#) web pages.

A range of information is available including.

- Financial support (including scholarships, bursaries, and discounts)
- How to pay (including details on how and when to pay)
- Finding out more (including University contacts)
